2021/22

WE SOURCE & IMPORT FOOD PRODUCTS WITH A FOCUS ON QUALITY, VALUE & CONSISTENCY OF SUPPLY.

Bluerock was established in 2000 as an importer of quality food products to both the retail and food service channels in New Zealand and has become established as a strong alternative to other well-known importers.

Today, Bluerock is part of the Sulkem Group of companies. The Sulkem Group is a 100% New Zealand owned, family business established in 1956 with a long history of food and ingredient importing.

Working directly with a global network of suppliers, Bluerock represent a wide range of brands sourced directly from suppliers around the globe, as well as owning and marketing Food Snob, a Bluerock propriety brand. The Bluerock brands are widely distributed to supermarkets, specialty stores, food service and manufacturers nationwide. Bluerock head of ce is located in Auckland with both a chilled and ambient warehouse facility.

At Bluerock, we pride ourselves on sourcing and distributing quality food brands and we place a strong emphasis on quality, value, consistency of supply and service to our customers.
